# **REPORT ON THE ADMINISTRATION**

OF THE

## **BANSWARA STATE, RAJPUTANA,**

For the period from 1st April to 30th September, 1906.

## GENERAL AND POLITICAL.

*The Banswara State is in the extreme South of Rajputana, and covers an area of 1,606 square miles; the population was 149,128 at the last Census; and the gross revenue from 1st October 1905—30th September 1906, was Rs. 2,36,106. The annual tribute payable to Government is Rs. 22,500, inclusive of Rs. 5,000 for enhanced tribute.*

*His Highness Rae Rayan Maharawal Sri Shambhu Singh Bahadur is the present ruler. His Highness has eight sons and one daughter, the eldest of whom, Maharaj Kunwar Pirthi Singh, studying at the Mayo College, Ajmer, passed the Diploma Examination with distinction in May last. The Maharaj Kunwar will now study for the Intermediate Examination of the Allahabad University. Four younger sons of His Highness joined the Mayo College in April last.*

*The Assistant Resident, Mewar, stayed at Banswara from April to June, 1906, to finish the Settlement work. His Highness the Maharawal Sahib of Dungarpur paid a visit to Banswara in June last and had some shooting in the State jungles.*

## CHAPTER II.

### ADMINISTRATION OF THE LAND.

The Land Revenue Settlement has been completed and the Revenue Department reorganized. The Northern and Southern subordinate Tahsils have been brought under reduction and the Tahsildar designated as Revenue Officer with a staff of one Assistant, 3 Kanungos, 5 Clerks, and 19 Patwaris.

The monsoon this year has been abundant. The great deficiency of plough cattle in the Bhil villages was made up to some extent by giving away Rs. 7,635 as Takavi advances. The new settlement has been received by the people without demur, and they are coming forward to take up deserted villages for cultivation.

Fifty-five Boundary Cases were decided during the past six months.

---

## CHAPTER III.

### PROTECTION.

**Legislation.**—Revenue and Patwari Rules are being prepared for the new Land Settlement.

**Police.**—The strength of the Police Force remains very much the same. Efforts are being made to extend the beat of Thanas and Out-posts, and it is possible that some reduction may be made in the expenditure. The able Superintendent of Police, Khan Bahadur Gulam Kadar Khan, has extended his attention to improve the methods of the Jagir Police.

**Prisons.**—The number of prisoners has decreased and their general conduct has been satisfactory.

**Registration.**—A notification to introduce registration in the State has been issued. The Registration Act will come into force from the 1st December, 1906.

*Municipal Administration.*—A scheme to increase the lighting, make roads, and improve the sanitation within the municipal limits of the capital, as also the building of a much-needed sarai for travellers and purchase of a fire pump, are under consideration.

## CHAPTER IV.

### PRODUCTION AND DISTRIBUTION.

The monsoon of 1906 has been exceptionally favourable. The rainfall measured 43 inches and 91 cents, and it was so regular that the Kharif crops including the til (*sesamum*) turned out plentiful. Tanks are quite filled up and the Rabi is very hopeful.

In the middle of August, owing to the stoppage of rains, the market showed a tendency to rise, but the re-establishment of the monsoon kept it stationary and the rates of staple food grains fell.

The public health with the exception of ophthalmia remained good.

*Forests.*—The forests have been explored by Lala Mulraj, Extra Assistant Conservator of the Punjab Forest Department, whose services have been so kindly lent by the Government of India, and as soon as his report is ready, the organisation of the Forest Department will be taken up.

*Excise.*—From the 1st April, 1906, the central distillery system has been introduced, and though the contractor has not succeeded in well establishing the business, it is hoped that in due course of time the system will develop. Many obstacles were raised by the people at the instigation of Kalals and petty Muafidars, but they were boldly dealt with by inflicting adequate punishment in smuggling cases. The Garhi estate has improved the opportunity offered it to make over the Kalali to the State on liberal terms for the estate. The other Jagirdars having the privilege of Kalali within their Jagirs are expected to follow the example of Garhi.

*Customs.*—Customs Revenue has kept up the reputation of the Department under its experienced head, Mr. Lingoji Potana. Amongst the causes of increase of revenue, the bumper and unprecedented crop of til which alone has brought Rs. 10,000 more than that of the last year, the doing away with the Khandu and Arthuna Jagirs' Khunt and Taratha taxes, the final settlement of the exemption question of the Nagars, etc., taking up Garhi Jagir's customs, increased scale of Kanta and Chungi dues and the newly-started opium business, are of special note. The department has been encouraged to bring about better results in future by giving one month's pay as bonus to the employees.

*Public Works.*—In order to work the department systematically, the appointment of a qualified overseer has been sanctioned. The deepening of Barbatiya tank near Bhungra in the North-East was taken up as a relief work in the hot months and completed by the beginning of the monsoon. This will be useful for irrigation.

*Post Offices.*—The new Branch Office at Chinch is well establishing, as also the Garhi line, and it is expected that they will be self-supporting. A branch service to Paroda, an important village on the North-Western border, will be soon applied for.

The telegraph has been of great use both to the State and mercantile classes, and it has brought Banswara into closer touch with the outer world.

The staff of the school is increased and with the increase of the number of boys, education will be more competently imparted.

---

## CHAPTER VIII.

### MISCELLANEOUS.

The State officials amongst whom Messrs. Chheda Lal, Revenue Officer, and Sanmukhram, Naib-Kamdar, may be specially mentioned for hard work, deserve thanks for their honest devotion to the public service.

## THE KUSHALGARH CHIEFSHIP.

Rao Udai Singh has bestowed Jagirs worth Rs. 2,000 each on his two younger sons Kunwar Lachman Singh and Kunwar Chhatar Singh. The other principal Jagirdars are the Thakurs of Tamesra and Churabar, the latter being a minor. Much land in the Chiefship still remains uncultivated owing to lack of tenants. The monsoon has been good, and an excellent Kharif harvest has been obtained, the Rabi also promising well. The rainfall was over 37 inches.

A twelve years' period of limitation has been introduced for Civil Suits. The total receipts of the Chiefship for the half-year ending 30th September, 1906, are said to have been about Rs. 21,000, including a loan of Rs. 2,000 from bankers; and the disbursements were of nearly the same amount. No progress has been made in extending education.
